It is believed here that all the Republican candidates for Congress in Mississippl are elected. In Texas the Democrats probably carry both districts. It is believed that the Democratic legislature will ratify the Fifteenth Amendment, but if it does not, the election will go for nothing, as Congress will not admit the State. The negro members are to be admitted to seats, and all the acts of the legislatures absequent to the expulsion of the negroes to be null and cold. This bill, there is reason to believe, embodies aubstantially the view entertained by President Grant as the units propagation. only proper course that can now be pursued. The capital stock of the concern is flexd at three million dollars. About one hundred persons are named as the corporators.
